

## GQCCC BOM

May 2019

### Twinkle Twinkle

This block is made by making a 6" variable star inside a 12" variable star in 30s materials.

From white background material:

Cut: B - 1 - 7 ¼" square

E - 2 - 4 ¼" squares

A - 4 - 3 ½" squares

D - 4 - 2" squares

Fabric 2:

Cut: C - 4 - 3 ⅞" squares

Fabric 3:

Cut: G - 1 - 3 ½" square

Fabrics 4, 5, 6, and 7

Cut: F - 2 - 2 ⅜" squares of each fabric

1. Make the small flying geese units. Draw a diagonal line on your 2 ⅜" squares. Place two of the same color in opposite corners of the E squares, right sides together. Corners of small squares should overlap in the center. Sew ¼" from the drawn line. Cut on drawn line. Open and press. See diagrams. Place another color on top, right sides together and stitch ¼" from the drawn line. Cut on drawn line. Open and press. Repeat with the other two colors. This will give you eight flying geese, that measure 3 ½" x 2", we will use 4.

2. Add a 2" background square to the ends of two matching flying geese. Press towards the background squares. Sew the other two matching flying geese to the sides of the G - 3 ½" square. Press towards the center square.
3. Add the flying geese units with squares to the center unit. Press towards the center square.
4. Assemble outside star points using fabrics 1B - 7 ¼" square and the 4C - 3 ⅞" squares. Sew your 4A - 3 ½" squares to the ends of two of the flying geese units. Press towards the A background squares. Sew the other two flying geese units to the sides of the small star and press towards the large star points. Add the other two flying geese units with background squares attached to the other sides of the small star and press towards the large star points. The unfinished block should measure 12 ½".

# FLYING GEESE

Make flying geese units using Large Squares cut on the solid lines and Small Squares cut on the dashed lines. Solid and Dashed lines with the same letter and number designation work together. Use both lines.

Cutting Example: Finished size 2" x 4"

Find BOTH lines marked: "F 2 x 4"

1 Large Square

Materials: Use 1 large square and 4 small squares.

4 Small Squares

Note: Draw a diagonal line on each small square on wrong side of fabric.

Place 2 small squares on top of large square, right sides together. Match corners where shown. Corners of small squares should overlap at center.

Stitch 1/4" from drawn line on each side of line. Cut on drawn line.

Open and press to make two of the units shown below.

Place small square on top, right sides together. Match corners where shown.

Stitch 1/4" from drawn line on each side of line.

Cut on drawn line. Open and press. Makes 4 units.
