### Assemble

**Step One:** Sew 2.5 X 1.5 background fabric to 2.5 X 1.5 hanger fabric along long edge.

Sew 3.5 X 2.5 rectangles to each side of the hanger unit.

**Step Two:** Sew two 8.5 X 3.5 Ornament rectangles to 8.5 X 2.5 Ornament stripe rectangle

**Step Three:** Place the four 2.5 inch squares, right sides together on each corner of the ornament square. Sew diagonally each square, corner to corner (in the style of a half-square triangle), making a light pencil line if necessary.

**Step Four:** Press open the four corners. Be sure this step looks like a bauble before cutting excess to create 1/4" the seam allowance

**Step Five:** Sew the 'Hanger' from step one to the 'Ornament Square' from Step four. Be sure the stripe goes horizontal in this step. Then, sew the 2.5 X 8.5 background to the bottom of the ornament square.

**Step Six:** Sew one 2.5 X 12.5 inch verticle strip to each side of the ornament. Press and enjoy!
